

Ledgeview Sanitary District #2 is a component unit of the Town of Ledgeview. The Town Board appoints the District Commissioners, who then have the ability to issue debt and set the District's budget and levy as a special district jurisdiction.

- Provides water and sewer services to homes and businesses in the Town of Ledgeview.
- Operates and maintains the water distribution and sewer collection systems, including:
 - wells
 - reservoirs
 - pumping stations
- Answers customers' needs and addresses concerns regarding both water and sewer systems.
- Responds quickly to any emergencies related to water and sewer services.
